

# Student Response Check (SRC) for Paper Administration

To: Teacher Administering the Alternate (TEA)

Welcome to the Student Response Check (SRC) for Paper Administration.

This task is designed to evaluate your student's ability to demonstrate a response. This content-neutral assessment provides an opportunity to observe and confirm the student's mode of response. The Student Response Check consists of 3 items.

Please note:

- This is a paper form of the SRC and can be printed out. The SRC is also available in the Test Delivery System. It is important that the SRC is conducted prior to beginning the CTAA. The TEA should ensure the use of the communication mode of response most appropriate for the student. Please refer to the *CTAA Test Administration Manual* for details on the different SRC administration methods.
- For the SRC, it is NOT important that the student responds correctly to any of the items. Rather, the purpose is simply to determine if the student can demonstrate an observable response using his or her preferred method of communication.
- After the SRC is completed in either paper or online form, the CTAA test is initiated in the Test Delivery System. In the CTAA, the TEA will need to respond to the first item in Session 1 regarding the SRC. Additionally, regardless of measured student response, the TEA must complete the first four nonscorable items in the CTAA. Details on how to complete the SRC and indicate student response can be found in the *CTAA Test Administration Manual*. Details on how to log into the Test Delivery System to access the first item on the CTAA test can be found in the *CTAA System User Guide*.

Please print this resource to conduct the SRC for Paper Administration.

To conduct the SRC for Paper Administration, directions are read aloud or communicated to the student in the appropriate communication mode for the student.

TEA communicates to the student:

**You are going to see three items. For each item, respond as directed.**

**SRC Item 1 – TEA provides this page to student**

## Student Response Check (SRC) for Paper Administration

TEA reads all options then requests student to:

**Select option 1.**

- Option 1
- Option 2
- Option 3

# Student Response Check (SRC) for Paper Administration

**SRC Item 2 – TEA provides this page to student**

TEA reads all options then requests student to:

**Select option 3.**

- Option 1
- Option 2
- Option 3

# Student Response Check (SRC) for Paper Administration

**SRC Item 3 – TEA provides this page to student**

TEA reads all options then requests student to:

**Select option 2.**

- Option 1
- Option 2
- Option 3
