

Students in PSIS who attend Out-of-State Facilities or In-State Non-Approved Facilities

Connecticut public school districts are responsible to test students in the Public School Information System (PSIS) who are enrolled in out-of-state facilities or are enrolled in state non-approved schools. Below is information on how to administer the Connecticut Next Generation Science Standards (NGSS) Field Test, Connecticut Alternate Science Field Test, Smarter Balanced assessment, and the Connecticut Alternate Assessment (CTAA). It is also required that districts test these students in Grade 11 who are enrolled in out-of-state or in-state non-approved programs with the Connecticut SAT School Day assessment. Information about these procedures have been provided by College Board.

Student School Location	Testing Procedures
<p>Students registered in PSIS who are enrolled in Non-Approved Private Schools in Connecticut.</p>	<p>The reporting district is responsible to test students registered in PSIS who attend non-approved private schools in Connecticut. This includes both general and special education students educated in non-approved private schools using public school funds. It is important to remember that districts should only be reporting students with disabilities attending non-approved private schools in PSIS if the district has programmatic responsibility for the student’s education through development and implementation of an individualized education program (IEP).</p> <p>Students who must be tested with Smarter Balanced and the NGSS Field Test: The student should be administered the assessment in the reporting district. The District Administrator (DA) is responsible for entering and ensuring designated supports and accommodations are provided as required.</p> <p>Students tested with the CT SAT School Day: DAs were contacted by Michelle Rosado (860-713-6748) about these students.</p> <p>Students who must be tested with the CTAA and Connecticut Alternate Science Field Test :</p> <p>The District Administrator (DA) is responsible for:</p> <ul style="list-style-type: none"> – Ensuring a Connecticut State Department of Education (CSDE) trained teacher at the reporting district administers the assessment. Collaborating with teacher at the non-approved private school as needed. – The reporting district should confirm the student is registered in PSIS and the Test Information and Distribution Engine (TIDE). – The CTAA and Alternate Science Eligibility & Learner Characteristics Inventory (LCI) must be submitted into the Data Entry Interface (DEI) by a trained teacher in the reporting district. The student’s LCI must be entered into the DEI by January 19, 2018, for students in Grade 11, and by March 16, 2018, for students in Grades 3-8. The DA contacts the CSDE at 860-713-6860 to request materials. – The reporting district is responsible for recording student responses in the appropriate platform for each assessment.

Students in PSIS who attend Out-of-State Facilities or In-State Non-Approved Facilities
